The MSGR patrons are a diverse group: Americans who have traveled extensively and been exposed to many cultures as well as those who prefer their own regional cuisines in the U.S.; and individuals who have dietary restrictions for health, cultural or religious reasons.

Trying to please everyone all the time is labor intensive, expensive, and a near impossible task. But making the small steps will be appreciated.

The Contractor will develop a 20-day menu cycle, offering a variety of food selections for each meal and on a weekly basis, based upon acceptability ratings, availability of food items, and food preparation limitations, as well as cost of operations. The menu shall consist of a variety of quality prepared foods that meet business and industry standards, complying with the current and subsequent revisions of Dietary Guidelines for Americans (www.health.gov) offering menu alternatives that are low in total fat, saturated fat, cholesterol, sodium and sugar; no trans fats; lean meats; low-fat dairy products; a variety of vegetables, fruits and grain products; and vegetarian selections. The quality and appearance of the food shall be consistent with approved food service industry standards for comparable "business and industry" dining facilities.

The menu should incorporate local/regional cuisine, American and international dishes. There should be at least one healthy option with each meal. A wide selection of beverages, hot and cold and appropriate to the meal, should be available. Full use of leftovers can also extend the selection if items are stored and labeled in accordance with food safety standards.

Special meals (e.g. Mexican night, Italian supper, Asian stir-fry luncheon) are also possible introductions. A suitable selection for any identified vegetarian diners shall be on the menu daily as well.

1. Menu Planning

The Contractor shall establish 20-day menus that reflect meals variety consistent with the varied cultural, religious, and health dietary requirements of the MSGs. Menu items shall be fresh, prepared onsite, healthy, modern and authentic to the maximum extent practicable.

Contractor shall utilize accepted cooking standards for food preparation and develop program specific standards to ensure consistency in preparation across the program.

Contractor shall develop standards or recipe cards for items determined to be customer favorites. Cooking standards and recipes shall be available to the COR and included as part of program quality assurance program.

2. Menu Adjustments

The Contractor will submit adjustments to the menus to the COR one week in advance, in writing for approval.

iv. Concept of Operations

Food is an important morale factor, as are the health priorities of a good diet. A successful food operation will be one that continuously pleases the diners; offers a wide variety of food choices; accommodates different dietary needs and desires based upon personal choice, ethnic experience and religious restrictions; is environmentally sustainable, exceeds goals, generates useful metrics and provides excellent service in all areas.

Food is a “high risk” area. It can negatively affect health, adversely affect morale, be impacted by political and economic events, and be a source for fraud, waste and abuse. The planning and resourcing that will go into this effort cannot be changed quickly. Overseas, the options are severely limited, and resources are few. The contractor shall provide an approach that measures performance and capitalizes on success while planning to mitigate such risk factors.

In order to normalize food operations, the Contractor shall have an ultimate goal of achieving a system that is: efficient; reduces waste; provides sufficient variety allowing the diner to make choices based on nutrition and variety; and is a pleasant experience overall.

The Contractor shall make use of local supplies for common and available items, local, regional, and international dishes while utilizing international sources for main entrée items, as well as favorites (USA brand items). Planning for the menu should account for available provisions.

The Contractor will staff and supply meals in accordance with meal hours and meal service specified in Section 1, 2.3 Locations, and 4.1.1 Hours of Operation.

v. Establishment of Facilities

The Contractor shall establish food service operations located within the MSGR. Offeror/Contractor shall coordinate with the COR on any additional equipment needs that are identified during the solicitation process.

Patrons may be expected to clean up after the meal by taking their dinnerware and trash to a designated site for turn-in and/or disposal. However, the Contractor is responsible for Cleanliness services at the MSGR. The designated site shall accommodate efforts to recycle plastics, glass, and paper apart from compostable food waste.

vi. Standards of Service

Contractor shall maintain a standard of service equal to our better than quality commercial food service operations found on university campuses, finer hotels and resorts.

1. Preparation

Contractor shall utilize the appropriate industry preparation standards for the all food products and menu items. Contractor shall ensure all food is not overcooked or undercooked, over seasoned or under seasoned.

2. Presentation

Food will not only be delicious, but well presented, readily replenished, and served at the right temperature for food safety requirements as well as patron expectations. Contractor shall use fresh ingredients to the maximum extent possible and use varying colors and arrangement that are pleasing to the eye. Serving areas, equipment, pans and serving bowls shall be clean, well-lit and free of drips and food particles. Serving utensils shall be replaced regularly throughout service to reduce cross contamination and provide a clean appearance.

3. Green Program and Waste Minimization

The Contractor shall utilize environmentally friendly cleaning products to the maximum extent practicable. The Contractor will demonstrate waste minimization through establishing historical usage, accurate forecasting, progressive cooking, and tracking of waste to continuously improve performance.

The Contractor will participate in “Sustainability Programs” that may include: disposable bulk purchasing program, organic food products, organic or environmentally friendly cleaning products, reusable items, marketing programs, minimizing waste stream, energy and water saving programs (equipment, food preparation, etc.) and other “green” programs that will benefit the patrons, the workers, DOS and the host nation.

The Contractor's Food Service workers will employ appropriate safety gear in the course of their work. The Contractor's Safety Program shall include documented training and refresher courses for all personnel, evidence of which will be provided to the Government upon request. Language accommodation for LNs may be required. The Contractor shall investigate, and record events involving personal injury or significant damage to DOS facilities and report these events to the COR. To prevent future incidents, the Contractor will verify Safety Program reports are part of Program and Quality Assurance (QA) reviews.

6. Food Worker Health, Sanitation, and Hygiene

FDA and USDA Service Guidelines

With tracking and database tools for the Contractor’s program office, and storage facilities, the system will be a flexible and transparent inventory management solution. The system will enable the Contractor to monitor inventory levels, streamline purchasing, develop menus, standardize recipes, analyze data, and accurately report on a wide range of food service activities and metrics.

Access Control

The Contractor shall implement planning and access controls to ensure only authorized guests are able to access the MSGR.

Fraud, Waste, and Abuse

The Contractor will have procedures, processes, and systems in place to detect and eliminate fraud, waste, and abuse.

iv. Supplies, Utensils, Dishware and Consumables

The USG will provide sufficient supplies, utensils, dishware and consumables to support the MSGR food service operations, with sufficient inventory to maintain operation for up to 30 days without re-stock. If levels fall below those required, the contractor must notify USG within 30 days so that no lapse in supplies/consumables will occur.

(End of clause)

52.229-12 TAX ON CERTAIN FOREIGN PROCUREMENTS (JUN 2020)

(a) *Definitions.* As used in this clause—

Foreign person means any person other than a United States person.

United States person, as defined in 26 U.S.C. 7701(a)(30), means—

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 7701(a)(31)); and

(5) Any trust if—

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) This clause applies only to foreign persons. It implements 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c)(1) If the Contractor is a foreign person and has only a partial or no exemption to the withholding, the Contractor shall include the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, with each voucher or invoice submitted under this contract throughout the period in which this status is applicable. The excise tax withholding is applied at the payment level, not at the contract level. The Contractor should revise each IRS Form W-14 submission to reflect the exemption (if any) that applies to that particular invoice, such as a different exemption applying. In the absence of a completed IRS Form W-14 accompanying a payment request, the default withholding percentage is 2 percent for the section 5000C withholding for that payment request. Information about IRS Form W-14 and its separate instructions is available via the internet at ***www.irs.gov/w14***.

(2) If the Contractor is a foreign person and has indicated in its offer in the provision 52.229-11, Tax on Certain Foreign Procurements—Notice and Representation, that it is fully exempt from the withholding, and certified the full exemption on the IRS Form W-14, and if that full exemption no longer applies due to a change in circumstances during the performance of the contract that causes the Contractor to become subject to the withholding for the 2 percent excise tax then the Contractor shall—

(i) Notify the Contracting Officer within 30 days of a change in circumstances that causes the Contractor to be subject to the excise tax withholding under 26 U.S.C. 5000C; and

(ii) Comply with paragraph (c)(1) of this clause.

(d) The Government will withhold a full 2 percent of each payment unless the Contractor claims an exemption. If the Contractor enters a ratio in Line 12 of the IRS Form W-14, the result of Line 11 divided by Line 10, the Government will withhold from each payment an amount equal to 2 percent multiplied by the contract ratio. If the Contractor marks box 9 of the IRS Form W-14 (rather than completes Lines 10 through 12), Contractor must identify and enter the specific exempt and nonexempt amounts in Line 15 of the IRS Form W-14; the Government will then withhold 2 percent only from the nonexempt amount. See the IRS Form W-14 and its instructions.

(e) Exemptions from the withholding under this clause are described at 26 CFR 1.5000C-1(d)(5) through (7). Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue.

(f) Taxes imposed under 26 U.S.C. 5000C may not be—

(1) Included in the contract price; nor

(2) Reimbursed.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

(1) Are, are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) Have, have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) Are, are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) Have, have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products

Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at [22.1503\(b\)](#).]
