## USAID Southern Africa Trade and Investment Hub (USAID TradeHub) Regional Cross-Border Trade Toolkit – Part 2

The USAID TradeHub invites you to join Part 2 of the Regional Cross-Border Toolkit presentations.

Contracts for the international sale of goods are seldom set out in writing. Most sale agreements are done via email starting with a request for a quotation. Buyers and sellers seldom consider the risks of non-payment, non-delivery, and defective goods.

The USAID TradeHub has prepared a training session where you can learn about contracts for the international sale of goods, Incoterms® and payment methods.
